

Why Acuity ELM Essentials for Claims Defense?

Acuity ELM Essentials is the best-in-class, peer-proven SaaS enterprise legal management solution that provides a transformative suite of e-billing and claims management tools. So you can reduce spend, increase productivity, leverage top-shelf analytics, and improve spend outcomes for your claims litigation teams.

Save up to
30% in legal expenses.

It's validated by a 25-year track record of client satisfaction.

💰 Cost-effective e-Billing:

- Are you paying for manual review of bills?
- Sending back invoices because there are discrepancies on billable services?

Document every step of the invoicing and payment process with flexibility to your agreements, including enforcement of your billing guidelines and adjustments. **Seamlessly integrate with your claims and AP systems.**

📁 Robust Claims Management:

- Are you tracking claims in a spreadsheet or across multiple inboxes?
- How do we get quick access to knowledge and law firm communications to attorneys?

Centralize your case details. Track the full lifecycle of every claim. See the big picture across your entire portfolio of cases and claims.

🕒 Easy-to-build Analytics & Reporting:

- Is your primary method of analysis downloading files from siloed data sources only to consolidate and build reports manually?
- Need customized reports dependent on stakeholders?

Confidently make more outcome-driven decisions with real-time insights, including capturing trends, forecasting and predicting spend. Help the team answer complex questions and generate more favorable outcomes.

Outcome-focused, logical interface, quick-to-implement, claims department solution.

Optimized spend management:

- Do you need to compare your firm's performance against the work you're sending over?

Provides real-time insight to help distinguish top-performing firms, highlight strengths, identify areas of improvement, and allow you to more efficiently choose the best firm for the job.

Increase process successes:

- Are you constantly following up on pending litigation and escalations in order to complete your work?
- How many people, externally and internally, and how much time are you spending on any given claim?

Use a streamlined solution that allows staff counsel and claims professionals to collaborate, increase visibility and time-to-value, and provide a better overall claims experience.
