PolicyHub

FOR MANUFACTURING

MITRATECH

Policy Management has **never been easier.**

PolicyHub knows Manufacturing

Whether you're concerned about FCPA regulations, conflicts of interest, employment law, OSHA, trade controls or product safety, PolicyHub was designed with your compliance and process optimization needs in mind.

PolicyHub is a best-in-class solution relied upon by manufacturers to simplify the complexities of managing and communicating policies and procedures. It's so easy and intuitive to work with, our customers rave about how it streamlines Policy Management.

We know your challenges:

- To communicate policies to a high number of factory workers in a geographically dispersed workforce
- To globally distribute policies and procedures covering various international regulations
- To promote and educate the workforce on manufacturing standards
- To avoid public scrutiny in a very visible market

We know your compliance pressures are endless, including:

- Ensuring Human Resources is properly involved in processes and compliance
- Emphasizing procedures as well as policies
- Gaining granular distribution capabilities
- Functioning seamlessly in global and country-specific environments
- To integrate a multi-language user front end
- To efficiently manage attestation and knowledge assessments

Meet your compliance demands with ease

PolicyHub lets you meet these demands and more by giving you the turnkey, cost-effective, measurable Policy Management and compliance solution you need. One that's also amazingly easy to adopt and use.

PolicyHub makes it simple to demonstrate corporate responsibility and a defensible compliance program, reduce the risk of breaches and heavy fines, and make your policy compliance functions more efficient.

"It makes compliance policy and procedure communication easy."
