Fuel Firm Expansion

Improve your cash conversion cycle, enabling year-end distributions and funds for new growth and projects.

Improve Financial Strength

Add XpressFunds as an alternative to your existing lending relationships.

Lower Rates

Say goodbye to floating loans, high interest rates, multiple fees, personal collateral, and 60, 90, & 120-day client payment terms.

Signup is Fast, Free, and Seamless!

How It Works

1

Register for Mitratesch's XpressFunds Program with one of our bank partners. It's FREE.

2

Submit your client invoice for acceptance through the Collaborati e-Billing portal as you normally do today.

3

Within two business days, your XpressFunds bank partner will pay your invoice, minus the service fee and holdback.

4

Once your client has approved and paid your invoice, the bank partner will true-up the holdback with a final payment to you. It's that simple.
